

Second Chance Animal Rescue

Second Chance Animal Rescue is a nonprofit, all-volunteer organization dedicated to rescuing, caring for and adopting out homeless dogs and cats into permanent loving homes. We educate the public on respect for all animal life, including the importance of spaying and neutering dogs and cats in order to reduce the number of animals euthanized.

Foster Homes Desperately Needed

All rescued animals are spayed or neutered, FeLV & FIV or heartworm checked, vaccinated, dewormed and flea treated. They are then placed in a volunteer foster home until a permanent adoptive home is found. We do not have a shelter or a holding facility. In order to find loving homes, the animals are brought to off-site monthly adoption events in local pet supply stores and can be adopted seven days a week out of their foster homes. Also, you can view animals available for adoption on our website at: **www.secondchancerescue.org** then click on the "Pet List" tab to go to our Petfinder page.

DOGS AND CATS

Since most dogs and cats are rescued from animal control facilities, we don't have any information on them. You let us know their personalities, if they are housebroken, good with other animals or children, know any tricks or commands, etc.

PREGNANT DOGS AND CATS

Fosters take care of pregnant animals through the delivery and after birth in order to properly wean and socialize the puppies or kittens. We request that you have a separate room away from other animals for the foster animal to deliver and raise her litter.

YOUNG LITTERS

Fosters take care of litters of puppies or kittens that are too young to adopt out, who may or may not be with their mothers. We request that you have a separate room away from other animals where the puppies or kittens can stay.

CONTACT US

If you would like to become a foster care volunteer for an organization that strives to save as many animal lives as possible and give them a Second Chance at life, please call us. We can only save as many animals as we have foster homes available.
